Senior Brand Strategist, The Radical Brand Lab, Portland, OR

We are a collective of brand strategists, artists, intuitives, inventors & people who are fiercely human. Our goal was to help bold brands be even more radical in putting their mark on society and to be fearless in the pursuit of their true voice & spread it like wildfire.

Clients included Green Zebra Grocery and Social Venture Partners Portland

June 2006 - Sept. 2011
Creative Director & Brand Manager, Baumgartens, Atlanta, GA

Established an in-house design department where there previously wasn't one. Also re-branded the visual language of the company, including logos, packaging design, retail displays, websites, social media strategy, merchandising and development of new product lines. Logistically that also required strategically developing efficient systems for catalog production, archiving files and promotions. I also built upon my people skills by hiring and managing other designers and working with external vendors and collaborators. My primary focus was to create a new visual voice and efficiently communicate that to our partners and customers.

Feb. 2003 - 2010
Owner and Primary Creative, NeoIndigo Fine Art & Design, Atlanta, GA

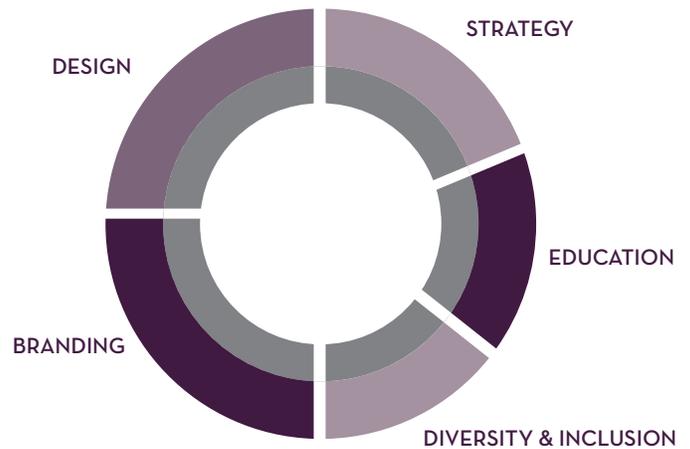

Ran a freelance design and art studio specializing in private clients and small businesses. For a variety of clients I designed logos, marketing collateral and environmental design. I also created commissioned fine art for several private clients.

Clients included Special Olympics of Georgia, National Society of Professional Engineers, Heritage Preparatory School and Trade Am

Feb. 2002 - Oct. 2005
Graphic Designer, Atlanta Regional Commission, Atlanta, GA

Concepted and created all collateral for at least 20 programs under the umbrella of this quasi-governmental agency. My work included logo design, marketing collateral, annual reports, web design, signage, event photography, publication design and other promotional material. The community programs that I was able to work with there trained me to communicate with the masses and re-ignited my commitment to make a difference.

Clients included the Clean Water Campaign, Rivers Alive, I-87Ridefind and Mobility 2030 initiatives
